# Fine Print

Clinton Hills does not supply candles or floral arrangements. We can accommodate simple floral requests, such as a single stem in a bud vase, but full floral displays are not part of our service. (Florals must be provided by the client.)

We do not allow pillar candles in our holders. If you prefer this style, you must provide the vase.

Taper candles are only permitted if they're placed in an enclosed holder.

All florals used in the outdoor ceremony site must be real, unless they are secured to the arch or placed in a vase. Flower petals, confetti, and aisle decor must be biodegradable.

While we strive to honor your choices, some adjustments may be required.

If you wish to have black linen, please have your selections made at least three weeks before your event to ensure availability.
